1687 Strathcona Avenue, Prince George, BC V2L 4E7

Posting Date: November 30, 2021

Staff Physiotherapist, Temporary Full Time

Start Date: February 2022

End Date: February 2023 with potential for extension

An exciting opportunity exists for a physiotherapist with the Child Development Centre of Prince George and District. You will have the opportunity to work with a highly skilled, supportive and experienced team of professionals. We provide mentorship and education opportunities for all our staff. Reporting to the Chief Physiotherapist, this position will provide services to children (from birth to high school graduation) as part of a multidisciplinary team. The physiotherapist will provide services in Prince George, with occasional overnight visits to surrounding communities. We follow a family-centred philosophy and practice. We offer a competitive salary and excellent benefits as per the [Health Science Professionals Collective Agreement](#).

The successful candidate will be registered with the College of Physical Therapists of British Columbia, will be eligible for membership with the Canadian Physiotherapy Association and will have graduated from a Physiotherapy Program from a recognized post-secondary institution. You must have an acceptable criminal record check and hold a valid British Columbia driver's license. Priority may be given to those who have worked with an electronic medical records system (such as Nucleus Labs), are comfortable working remotely, seeing clients in a virtual setting and those with paediatric experience.

The Child Development Centre is one of the largest and longest serving child development charities in British Columbia. Our team consists of physiotherapists, occupational therapists, speech-language pathologists, and childcare support staff. We collaborate closely with many community agencies to foster each child's social, emotional, physical, cognitive and communication abilities.

Prince George is a vibrant, four-season city featuring spectacular lifestyle options, including a wide variety of ethnic dining, live theatre, live music, all major department stores, and outdoor recreation opportunities – to name a few. Are you looking for a short commute and to bike to work? It is both possible and relatively affordable here. Prince George is home to the University of Northern BC, which is now home to the Master of Physical Therapy – North program. For more information, please see the following websites: [Move Up Prince George](#), [Super, Natural BC](#), and [Tourism Prince George](#).

Interested applicants should submit a cover letter and résumé by email to:

Fabiola Toyata, Chief Physiotherapist, at fabiolat@cdcp.org.
